COVID – 19 Virtual Student Guidelines Middle School and High School

All students who are enrolled in the Virtual Plan for JCA will commit to being in the virtual program for an entire 9-week period. At the end of the 9 weeks (a school quarter) their parents may choose to have them return to “in person” school.

Those enrolled in virtual school will have to be present, via Skype, in every class just as if they were in school. The exceptions to this are Study Hall, PE, and any elective that is more of a “hands on” class.

Method of communication: Skype - If there is a problem with the internet on our campus, we will let the parent know of an issue. If there is a problem on the students end the parent will need to contact the school so we know that there is a problem.

Homework: All homework will need to be faxed, emailed, or physically dropped off at the school every day. Please let the office know which method you will use. We request that the same method be used the entirety of the 9 weeks.

Tests and Quizzes: All tests and quizzes will need to be taken at school. This will need to be coordinated with the office and teacher. Tests/quizzes will need to be taken on the same day as the rest of the virtual student’s class. i.e. If a test is given to the class on Wednesday the virtual student will need to take the test on Wednesday as well. Tests/quizzes will take place in the office where there is little traffic. Students’ temperatures will be taken and sanitizer will be used before students enter the office.
